★ 30TH ANNIVERSARY EDITION ★

JULY 2026 · ISSUE #01

Welcome to a special edition of the GPPL Newsletter. We have completed 30 successful years in the industry — a journey made possible only because of the trust, support, and partnership of esteemed clients like you. As we celebrate, we're proud to share what's new on our shop floor.

CELEBRATING THREE DECADES OF **FRP ENGINEERING** — AND A MAJOR EXPANSION OF OUR MANUFACTURING CAPACITY.

MILESTONE

A MESSAGE OF GRATITUDE

Thirty years, built together with you

Three decades ago, Ghaziabad Polymers began with a simple commitment: quality FRP, thermoplastic and corrosion-resistant equipment, delivered with integrity. Today, from our works in Ghaziabad to installations across the globe, that commitment still guides everything we make.

This journey has been possible only because of the **trust, support, and partnership of esteemed clients like you**. As we mark 30 years, we're celebrating by investing in the very thing that serves you best — our capacity to deliver.

INFRASTRUCTURE UPDATE

Pultrusion capacity expands to 25 tons

We're excited to announce major upgrades to our manufacturing infrastructure. We have expanded our pultrusion capacity with the addition of new 20-ton and 25-ton machinery, complementing our existing 10-ton and 15-ton lines.

10T	Established line Everyday profiles & sections	EXISTING
15T	Established line Larger structural sections	EXISTING
20T	New machinery Heavier profiles, more throughput	NEW
25T	New machinery Our largest capacity yet	NEW

What this means for you

Our enhanced capability delivers real, everyday benefits to every partner.

BENEFIT 01

Shorter delivery timelines
More capacity on the floor means your orders move through production faster — from enquiry to dispatch.

BENEFIT 02

Projects run in parallel
Four independent lines let us execute multiple projects simultaneously, without one client waiting behind another.

BENEFIT 03

A larger base, served well
Enhanced capacity lets us efficiently serve an even larger customer base while protecting the service you rely on.

PRODUCTION NEWS

Moulded gratings, now five machines strong

Additionally, we have strengthened our moulded gratings production by adding new equipment — bringing our total to **five moulded grating machines**, ready for larger orders and faster turnarounds.

From walkways and platforms to trench covers, our gratings ship in the full range of colours and mesh sizes you see across our facility every day.

A NOTE OF THANKS

None of this would have been possible without you

These advancements reflect our continued commitment to innovation, quality, and customer satisfaction. We extend our heartfelt gratitude for being an integral part of our journey — and we look forward to many more years of association, growth, and shared success.

— TEAM GPPL · GHAZIABAD POLYMERS PVT. LTD.
